COORDINATING COMMITTEE

MEMORANDUM BY THE NETHERLANDS DELEGATION

EXPORT OF TELEVISION TRANSMITTER TUBES TO POLAND

The Netherlands authorities have received an application to export to Poland 17 television transmitter tubes type TBL 2/300 of a total value of approximately \$1300.

These electronic tubes, covered by Item 1558 of the International embargo list, are replacement tubes for television transmitters. The Polish authorities have given the usual guarantees against reexportation.

In view of the special policy adopted by the Committee towards Poland and of the civil end-use, the Netherlands authorities wish to grant the licence and trust that no objections will be raised.

As the matter is an urgent one the Netherlands authorities would appreciate hearing the views of Governments at the earliest possible date.
